/ CITTERIO SOUND SYSTEM

C-SS__ Design F. Mirenzi, V. Parigi,
U.T. Citterio

With its range of divider and fitted wall units, Citterio is committed to environmental comfort solution with a new product integrating itself with their other room partition systems. Through this fully innovative products for partition wall, Citterio aims to create the condition to transform an office into an environment with a better quality of life on a human level. The meeting room are arranged to freely discuss, think and work

WORKING__

WORKING IN TOTAL RELAXATION__

INSULATED SOUND
AND VISUAL COMFORT
TO INCREASE
CONCENTRATION AND
PERFORMANCE__

The CSS system is a range of modular self-supporting elements, made of technological materials with high sound-absorption properties, that are especially designed to create variable sound absorption surfaces.

C-SS has endless applications.
A work position in which ideas are turned into reality.

A comfortable working environment, with adequate lighting and fans for air circulation.

BREAKING__

A HEALTHY MIND IN A HEALTHY ENVIRONMENT__

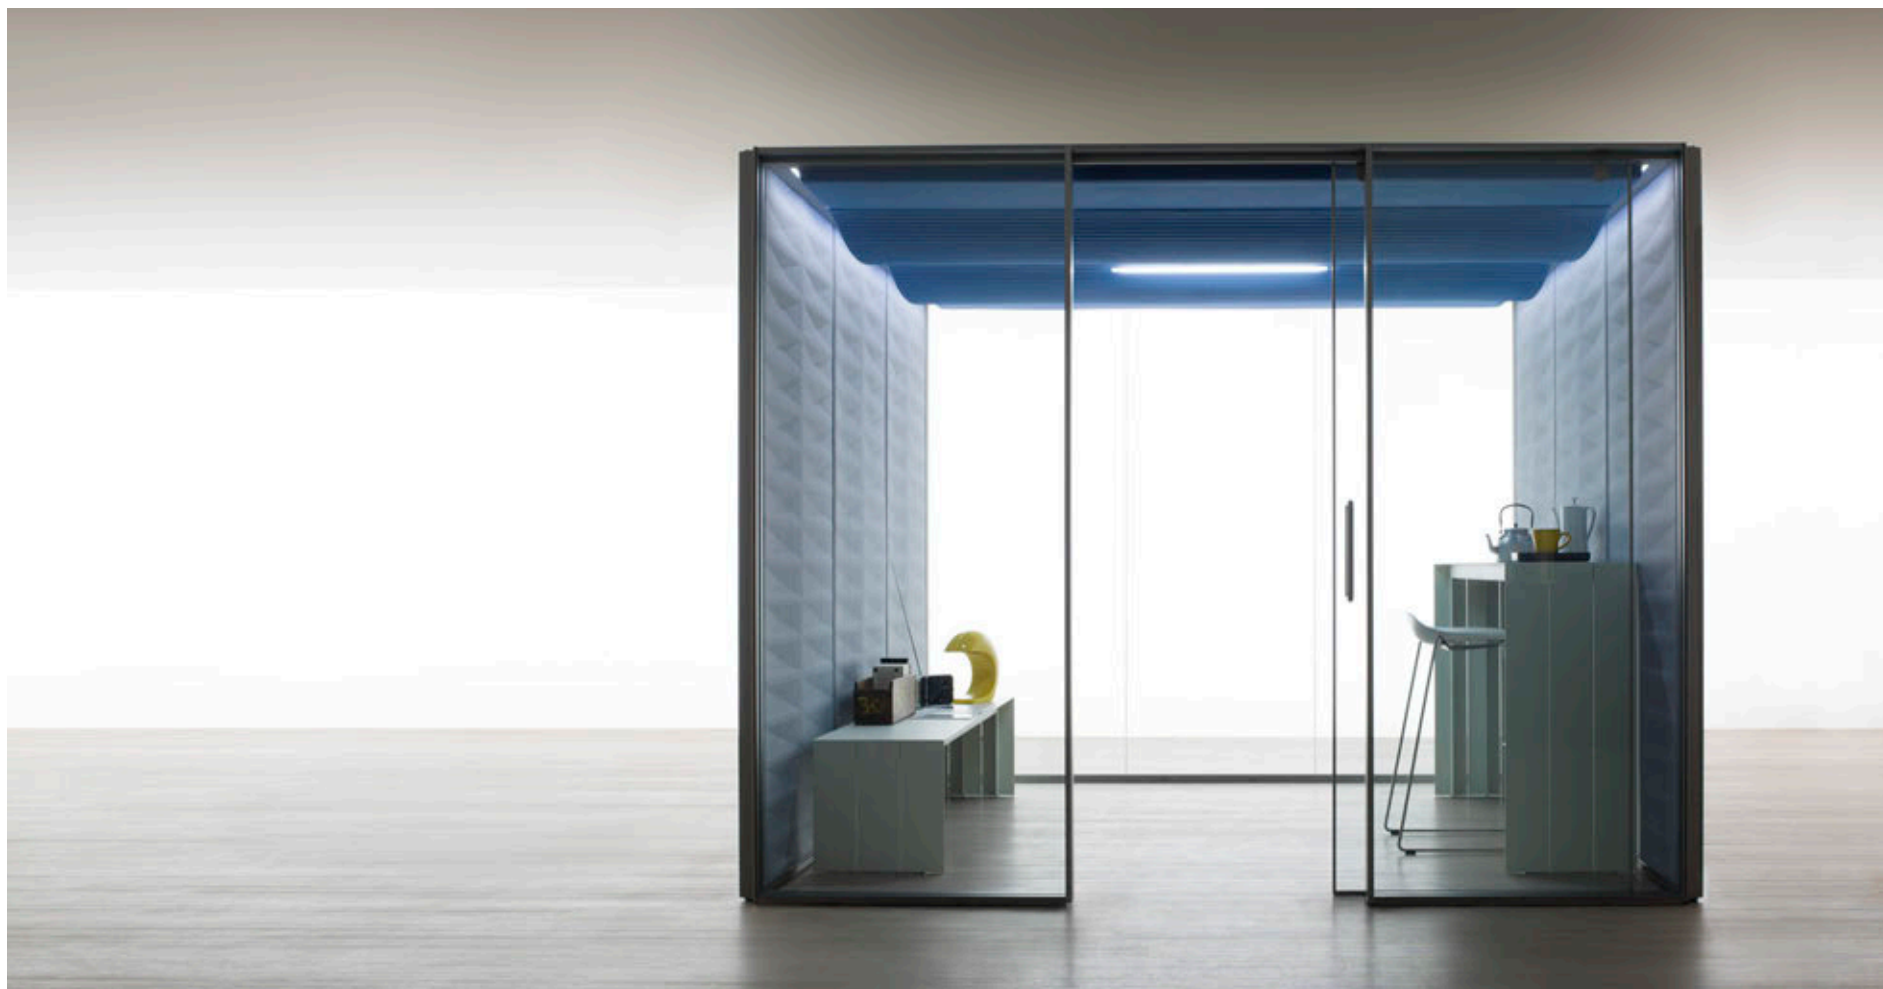

NON-TOXIC, NON-ALLERGENIC,
FIRE-RESISTANT, RECYCLED
AND RECYCLABLE MATERIALS
TO MAXIMISE WORK
QUALITY__

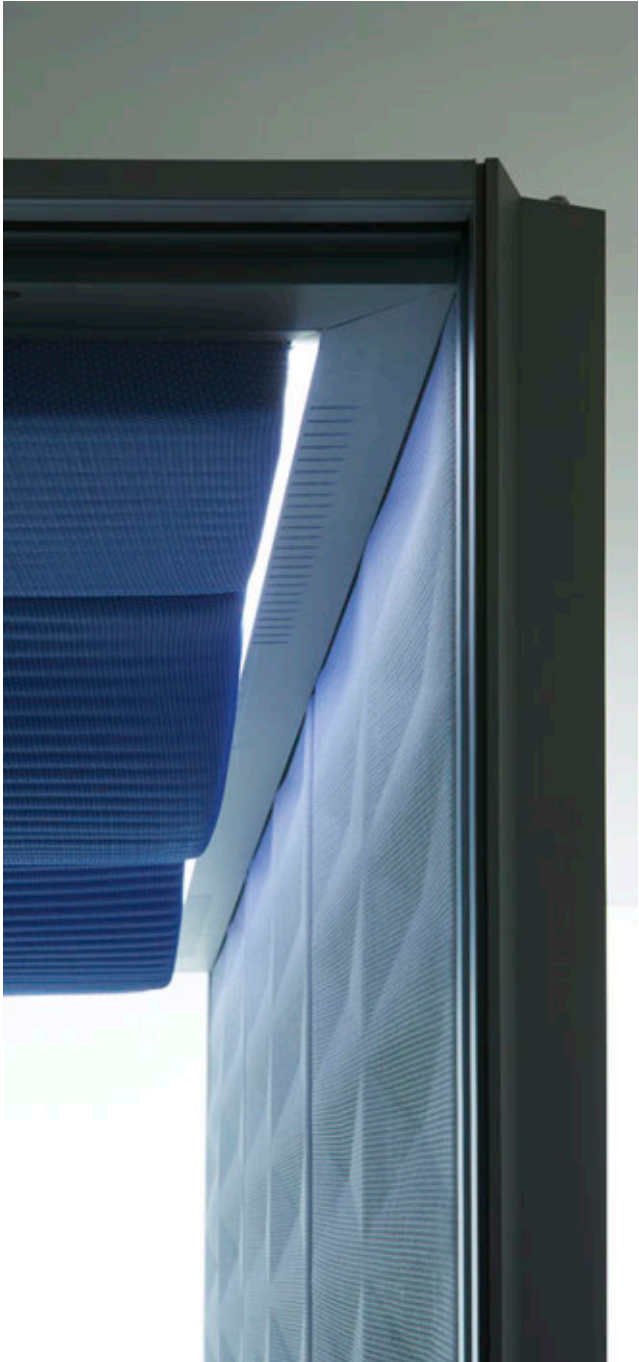

In an increasingly hectic world, break moments have become especially important. An environment that can allow our mind to relax and breathe again, a place where silence becomes the motive for aggregation and reunion.

Area break.
Break area. A moment of relaxation, a
coffee with colleagues or clients.

Clean, clear-cut angles, possibility to
integrate light and ventilation system.

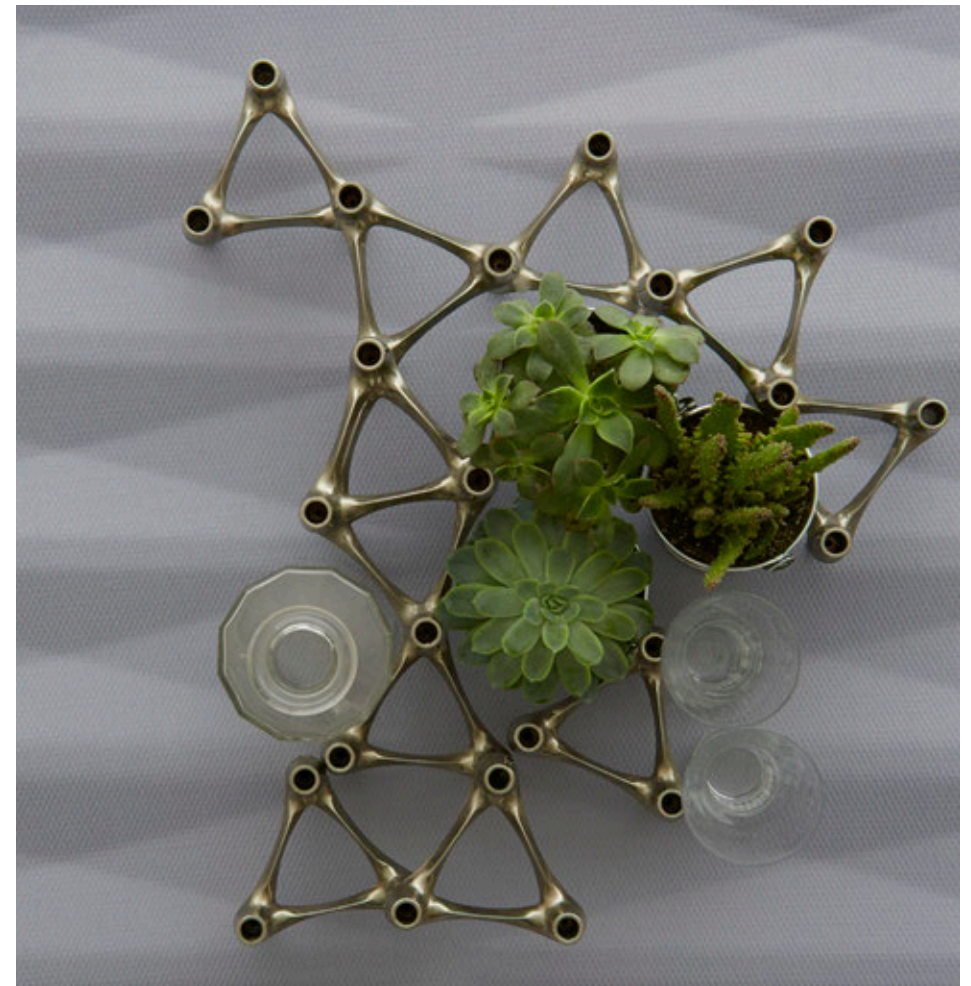

MEETING__

WALLS THAT PRODUCE NEW IDEAS____

THE C-SS MODULAR
SYSTEM ALLOWS TO
CREATE THE WORK
ENVIRONMENT YOU
WANT____

C-SS can be used for all types of environments requiring a level of sound correction. These can be the most diverse ones, such as for example meeting rooms, where privacy can be a key requirement.

An area for meeting, where the exchange of ideas can become an opportunity for growth.

Located on the vertical support structure, the light and ventilation control board is flush and elegant.

RELAXING__

A WELCOMING SPACE_____

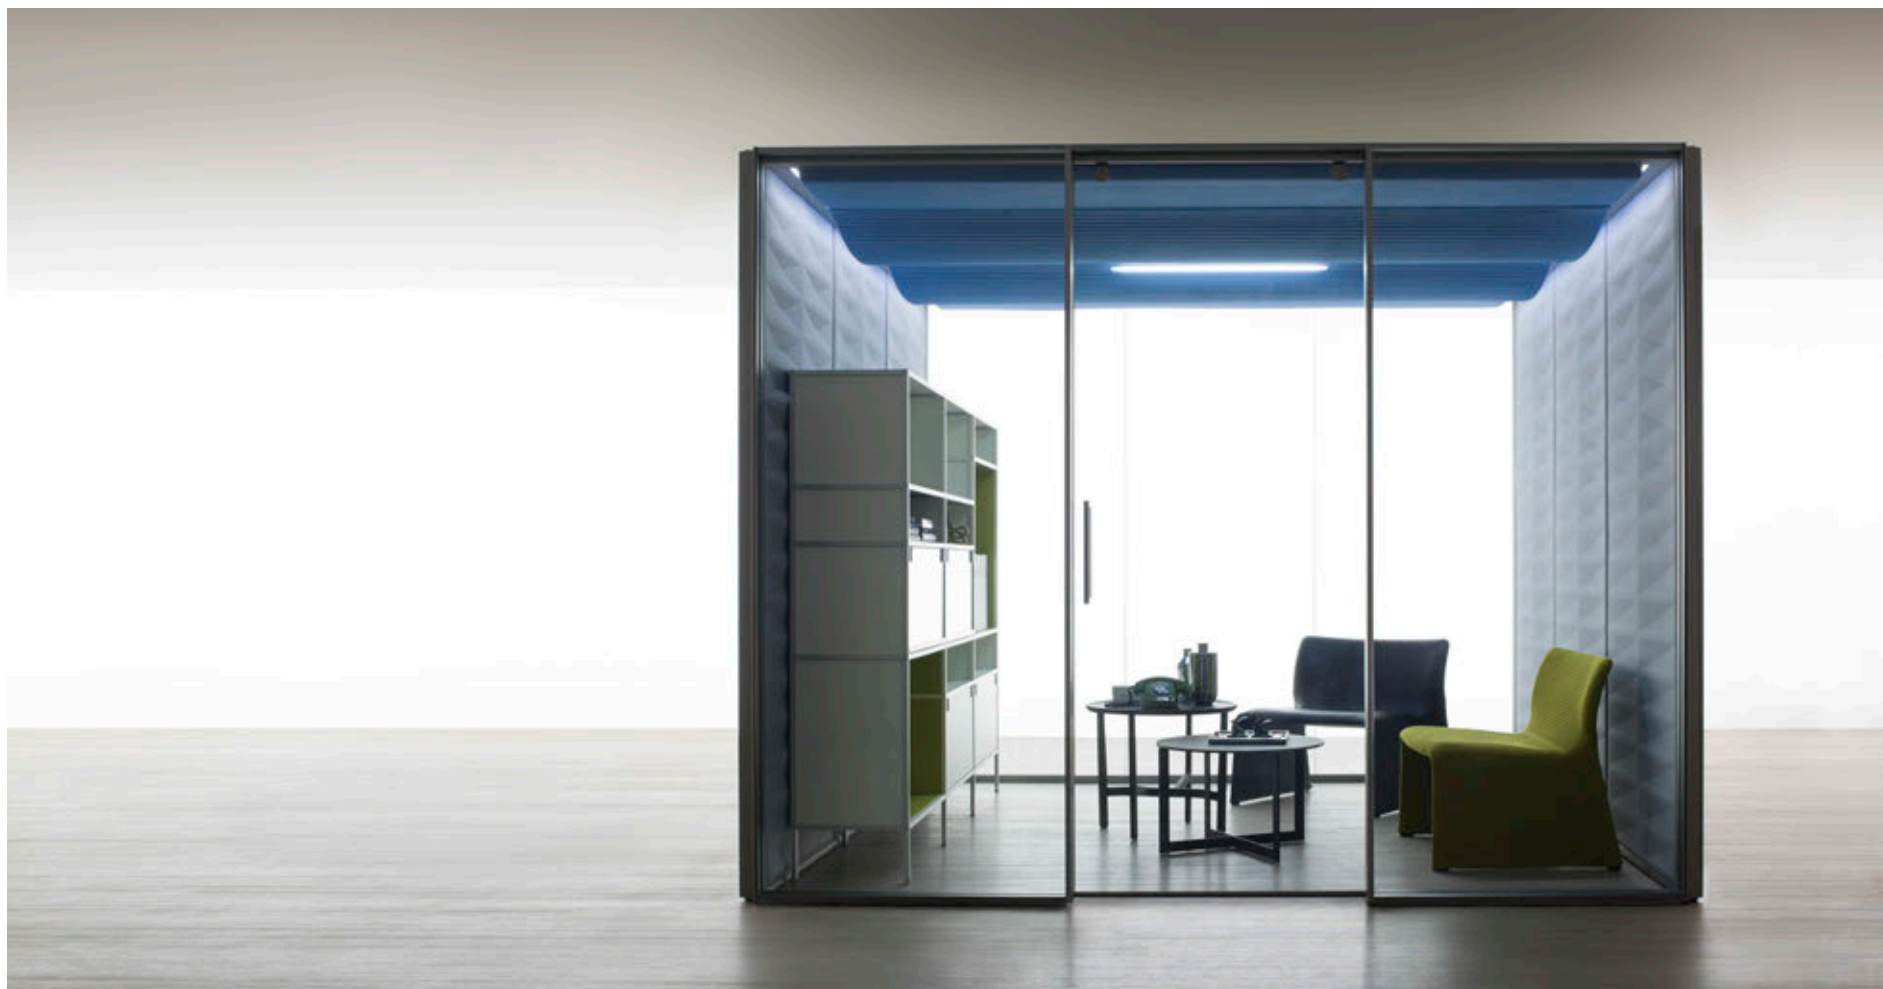

WELCOMING,
PEACE,
DESIGN
AND
FUNCTIONALITY_____

A welcoming space, where to meet clients or come to find some peace and quiet. A place where to read a magazine or think undisturbed.

An elegant environment,
simple but highly comfortable.

Sliding doors and handles have clean, elegant lines, making this the ideal product for any environment.
